

Ohorongo Private Game Reserve

Join us at Ohorongo Private Game Reserve for an unforgettable journey where conservation, adventure, and responsible tourism converge to create lifelong memories in one of Africa's most stunning landscapes.

Welcome to Ohorongo Private Game Reserve, where conservation meets adventure in the heart of Namibia's breathtaking Damaraland. Nestled within a protected habitat of 35,000 hectares we are dedicated to nurturing the black rhino and over 40 other species while offering unforgettable experiences **for nature enthusiasts, luxury travellers, photography enthusiasts, couples, and families**. Each guest staying at Ohorongo Private Game Reserve becomes a guardian of conservation, respecting the wildlife and minimizing their environmental footprint.

We specialize in curated, up-close encounters with wildlife by offering intimate safaris. Our experienced guides ensure a safe and memorable journey where the outside world fades away, replaced by days filled with wildlife sightings, delectable cuisine prepared with local food often grown in our garden, and the renowned hospitality of Namibia. Guests witnessing the awe-inspiring sunsets against the backdrop of the Ohorongo landscape, characterized by open veld, granite mountains, and thorny savannah, have an experience beyond compare.

We offer accommodation in two amazing properties. Our luxurious Ohorongo Tented Camp features only five spacious rooms, providing an intimate and exclusive retreat surrounded by the sights and sounds of the African wilderness. For guests seeking a unique African charm, our lodge offers a distinctive ambiance that celebrates the rich cultural heritage of Namibia.

LOCATION

Ohorongo is the ideal midway point between Swakopmund and Etosha for self-drive guests or guests opting for a flying safari.

OHORONGO TENTED CAMP

EXPERIENCES

1. Nature Excursion

This guided Nature excursion is a combination of a game drive and a walking safari that takes guests out into the Ohorongo Private Game Reserve, on an informative excursion to explore nature, spectacular wildlife, and archaeological sites where guests can view magnificent rock engravings and paintings. The guide will address guests' preferences for the Nature Excursion, allowing them to determine their desired level of activity. The itinerary may feature a variety of walking trails, but if guests prefer more driving, the guides will adjust the program accordingly.

Eland, Kudu, Mountain Zebra, and Giraffes are some of the animals that can be seen. If guests choose to be more active, they will climb up beautiful granite rock boulders and walk along a dry riverbed to learn the skill of reading and tracking animals to gain in-depth knowledge of the Small Big Five living in this unique ecosystem. If guests have a particular interest in ornithology, they will be rewarded on these trips, as some endemic bird species of northwestern Namibia inhabit these areas and are commonly sighted during these Nature Excursions. Endemic birds like the Damara Hornbill, Hartlaub's Francolin, and White-tailed Shrike, or rare sightings in this region such as an African Jacana, Saddle-billed, or Woolly-necked Stork, can be observed.

At stunning locations, delightful refreshments await, providing the perfect ambiance to share tales of the remarkable sites encountered during the nature excursion

2. Night Drive (A must-do!)

Guests can immerse themselves in the nightlife of the African Bush by joining the night drive, typically departing after dinner. This excursion presents opportunities to observe the shy African Wildcats, Genets, Jackals, and Owls among others.

3. Rhino Tracking

Depending on the weather conditions, guests, accompanied by their guide, will depart early in the morning (half an hour before sunrise) following coffee/tea and rusks, to meet the Rhino Rangers, who oversee the tracking and monitoring of the Rhino. En route to meeting the Rangers, guests will have the opportunity to witness the breathtaking highlights of a sunrise in the African Bush. The Rangers, along with the guest guide, will provide an initial introduction to the tracking procedure and the Black Rhino Custodianship Project itself. Afterwards, they will be tracking a Rhino allowing guests to approach this iconic animal in its natural habitat. Following this unforgettable experience, the guests will drive back on an informative nature excursion to the camp/ lodge in time for a hearty brunch.

The Rhinos oversee our land, and we respect their environment, and our activity is designed around their comfort.

Soft drinks, fruits & cookies are served during this unforgettable excursion.

4. Guided Nature Walk

We depart from the lodge or the camp early in the morning to explore this magnificent Private Reserve on foot. Rusks and Coffee are served before we depart. We walk along dry riverbeds to learn the skill of tracking animals and to gain knowledge of the Little Big Five living in this unique ecosystem. Endemic birds like the Damara Hornbill, Hartlaub's Francolin, and White-tailed Shrike, or rare sightings in this region such as an African Jacana, Saddle-billed, or Woolly-necked Stork, can be observed.

Includes Refreshments

5. Stargazing

A telescope is available at the lodge and the camp for guests to do star gazing on their own before or after dinner.

3-4 hours

Minimum 2 / Maximum 6 Guests

AM Excursion: 07:00-11:00

PM Excursion: 05:00-08:00

Please note

A 2-hour Nature Excursion, perhaps more suitable for kids, is available for booking.

Special note

Private Vehicle & Guide (1-5 persons) can be booked at an additional rate.

1 - 2 hours

Minimum 2 / Maximum 6 Guests

PM: After dinner around 09:00-11:00

3 - 4 hours

Minimum 2 / Maximum 6 Guests

AM: 07:00-11:00

No children under 12 years

Please note

If a sighting was not possible in the morning, guests might be taken out in the afternoon to provide another opportunity to see these magnificent animals.

2 hours

Minimum 2 / Maximum 4 Guests

AM: 07:00-09:00

SPECIAL EXPERIENCES

Meals in Nature: Wilderness Feasts

If your clients are marking a special birthday, anniversary, or any cherished occasion, why not indulge them with a spectacular brunch amidst nature? Imagine every guest feeling like royalty, attended to by their chef and waiter in the great outdoors. Our attention to detail knows no bounds when crafting these brunch surprises. We weave enchantment for your guests amidst picturesque settings, with elegant tablecloths, authentic crockery and cutlery, and sparkling crystal glasses. It's an experience that will linger in their memories, a genuine Instagram-worthy moment.

We can also arrange a special dinner setup for Honeymooners or any other special occasion. Dining under the stars next to a crackling fire to the sound of Nature.

Please keep in mind that our Wilderness Feasts are available by pre-booking only, due to logistical considerations. We can offer our Wilderness Feast as a stand-alone product, or we can offer the **Wilderness Feast** in combination with our Nature Excursion or the Guided Walking Safari.

The meals will be offered at an additional rate. The rate excludes all beverages.
